Dear Mr. Broadbent:

The requirement for public and EPA review of the following proposed Major Facility Review Permit has been completed:

Facility #	Facility Name	Application #
A4618	Allied Waste Industries, Inc.	17348

A comment was received from Ms. Evelyn Freitas, a concerned citizen, and Mr. Lochlin Caffey, on behalf of the applicant, Allied Waste Industries.

In response to Mr. Caffey's comments, the following tables were modified: Table II-A, Table II-B, Table IV-A, Table IV-C, Table IV-D, Table VII-A, and Table VII-D. Permit Conditions # 16462, Part 2 and # 17309, Parts 23, 24, 25, 26, 29, 30, 33, and 34 were modified; and Permit Condition # 17309, Part 38 was added. The District also deleted section I.K. The District's August 8, 2001 letter to Mr. Caffey describes these changes in detail.

In addition, the District added section I.B.11 and modified section I.H.2 in accordance with the recent revisions to the Manual of Procedures. Table III was modified by specifically listing Regulation 2-1-429 to highlight this existing requirement. The District also updated Permit Condition # 17309, Part 32 to conform with a recently approved permit condition revision.

The District has made a decision to issue the Major Facility Review Permit.

Enclosed for your information is a copy of the final permit, the comment letters, and the responses to the comment letters. If you have any questions regarding this project, please call Steve A Hill, Air Quality Engineering Manager, at (415) 749-4673.

Sincerely yours,
